Gorilla Forest Camp is a permanent luxury tented camp nestled in the mist-swathed rainforests of a mountainside next to Bwindi Impenetrable National Park. It is on the outskirts of Buhoma village, very close to the Bwindi Forest HQ from where gorilla treks into the forest begin.

Gorilla Forest Camp has been designed to blend into the environment. Accommodation is in 8 double tents, raised on wooden platforms, each with en-suite bathroom with hot and cold running water, toilet, basin and bathtub looking out onto the forest. Each tent has a spacious wooden veranda where guests can relax, enjoy a private meal and absorb the exotic mystery of the surrounding rainforest. The Gorilla Forest Camp offers a bar and dining cottage overlooking the rainforest, as well as a raised natural platform for open air dining.

Its elevated position means that it's quite a hike to get up to the camp (a lot of steep steps), but if you want a top quality place to stay in Buhoma, this should be one of your top choices.
