Situation Riad Noga is in the medina, about 15 minutes from the Djemmaa el Fna.

Activities Arranged independently from the riad.

Only about 15 minutes walk from the Djemmaa el Fna, Riad Noga is a good sized, high quality riad with two open courtyards. One has traditional orange trees, bougainvillea and a fountain (and a grey parrot), the other has a gorgeous green-tiled swimming pool which is heated in winter. Painted throughout either in deep plum and ochre, or with cool creams, the riad is very tastefully decorated with a mix of traditional and modern Moroccan art.

The seven en suite double bedrooms (with air-con/heating) are comfortable and well-furnished. They all have a hi-fi system and most have satellite TV. There is also a library, dining room with fireplace and three roof terraces. The staff are very friendly and helpful. This is certainly a favourite of Tribes.
