Breezes Beach Club is situated on a pristine, peaceful beach on the east coast of the island of Zanzibar. It is the most romantic of hotels specialising in warm, personalised service and exquisite cuisine. It lies on a peaceful, palm fringed stretch of sand that was 'voted best beach in the world' and marries old world charm with the highest levels of service.

This family owned and run resort is set amongst tropical gardens and is imaginatively decorated in Zanzibari style. It offers a selection of al fresco restaurants and bars, a health club, marine activities, massage and cultural entertainment, scuba diving and extensive sporting activities - all this without compromising the relaxed yet elegant atmosphere which has become synonymous with the name Breezes.

The rooms are set in Plantation Villas scattered around the tropical garden. All rooms are tastefully decorated in ivory tones, with cotton throws, teak wood finishes and Zanzibar carvings. A large balcony is adjacent to all rooms, perfect for a sundowner in the breeze. The resort offers an extensive menu featuring the best seafood, tropical fruits and spices that the island has to offer. The renowned chefs have made a unique menu creating a fusion of Zanzibari & international cuisine combining just caught with fresh picked.

The resort is beautifully decorated in relaxed Zanzibari style with great attention to detail which blends perfectly with the local environment. This is the ideal hideaway for those seeking tranquility and warm hospitality in an atmosphere of relaxed elegance.
