Bar consumption on board

All of the above are subject to change at short notice

La Pinta is a 207 foot motor yacht offering stylish yet informal accommodation cruising around the Galapagos Islands. There are 24 well appointed twin or double outside cabins which offer space not found on many of the yachts cruising the Galapagos Islands. 4 of these are slightly larger and have a sofa bed to accommodate a 3rd passenger, while 6 of the rooms are interconnecting, ideal for family groups. All cabins have individually controlled air conditioning and private bathroom. Other amenities include a 'phone, safe, wardrobe and connections for ipod, MP3 and MP4 players.

La Pinta has ample public areas on the main deck and the sun deck, including a dining room, salon-bar, observation lounge and natural history library. There is a conference room where the daily briefings from the naturalists guides are given. La Pinta features state of the art interpretation equipment. This includes communication between naturalists and guests via wireless receiver and earphone, and equipment for submarine interpretation.

Other onboard facilities include a boutique and gym. Outside there is a generous sundeck with a jacuzzi and a bar. La Pinta has snorkelling equipment, wet suits, a glass bottom boat and kayaks for passenger use. There is also a kid's club, 'Young Pirates', which arranges activities and special meals for children aged 7 to 12.
