Tips

Bar consumption on board

These prices are subject to change

The Galapagos Voyager is a 16 passenger motor yacht with 6 twin and 2 double cabins on two decks. All cabins have a large window and are fully air conditioned. They have ensuite bathrooms with hot water showers and flush toilets. Cabins are also equipped with telephones.

Galapagos Voyager serves buffet meals of local and international dishes served in the dining room. There is a separate lounge, with flatscreen TV, DVD player and a small collection of books for guests to borrow. This is where the naturalist guide gives his pre-landing briefings. There is also a well-stocked bar.

Outside are 2 sundecks, the one on the main deck is covered, while the upper deck is partially covered. Wetsuits can be hired by passengers.
