Bar consumption on board

These prices are subject to change

Evolution is a luxury cruise boat which holds 32 passengers on three decks. It offers spacious cabins (including 3 suites), a hot tub, bar, 2 sundecks and an infirmary. She has the classic lines and styling of a 1920s yacht combined with modern levels of comfort and safety and an intimate smaller boat atmosphere.

The public areas comprise a lounge bar with facilities for lectures, slide shows and films, a library housing a large selection of books, films and games plus inside and outside dining areas. Meals are served buffet-style and feature a wide range of dishes. Special meals can be prepared for vegetarians on request.

Outside Evolution has ample space for relaxation. There is a sundeck with rattan furniture and a small hot tub on the bow, where there are also sun chairs.

All cabins have private bathroom facilities and plenty of room to store toiletries. The cabins themselves vary in design and size, but all have ample room to hang and store clothing.

Evolution has sea kayaks, snorkelling gear and wetsuits for passengers to use. There is also a small boutique. There is a Kids Club with organised events for children and special guides for children on departures with families.
